

# National Public School ITPL

[www.npsitpl.com](http://www.npsitpl.com)

**Message  
from Our  
Chairman**

Few things have greater importance to parents than the education of their children. Every parent looks for academic excellence, good values, and discipline for their children. Choosing the right school for them is therefore a crucial decision.

NPS provides high standards for educational excellence to their students. We stimulate creativity and develop problem-solving capability in each student. As a family oriented school, we believe that partnership between the family and school is the foundation of a student's fulfillment and success in later life.

All the dynamic institutions in the world today look forward to introducing and affecting a creative approach in educational curriculum. Teachers play a major role in implementing and supporting the students to gain competence in their efforts.

Our objective at NPS is to provide a happy, balanced and challenging environment where our students have the opportunity to fulfill their individual talents and goals. In parallel, we provide a wide range of cultural, sporting and co-curricular activities and a chance to exercise leadership in a sensible and respectful environment.

**Dr. K. P. Gopalkrishna,**

Chairman - TISB, NAFL & NPS Institutions

**Message  
from  
Our Dean**

Education has a multifaceted function. The transformation from childhood to adulthood is an important one. Education has a major role to play in this process.

In Swami Vivekananda's words, "Education is not the amount of information that is put in to your brain and runs riot there, undigested all your life. We want that education, by which character is formed, strength of mind is increased, intellect is expanded and by which we can stand on one's own feet."

In addition to acquisition of knowledge, education should aim at physical, mental and spiritual development. There should be opportunity for character formation and personality development.

Education in its true sense leads to health and fitness, happy relationships, meaningful work and personal fulfillment.

We at NPS try to promote an atmosphere where education is a blend of progressive ideas from the best in the Indian setting and culture. Students are given personal care and support so that they take the right place in the Global society.

**Dr. Shantamma Gopalkrishna**

Dean, NPS Group Of Institutions

**Message  
from Our  
Director**

We envision a school environment to help students achieve their potential, offer guidance, hone their leadership skills and foster in students the confidence to explore a new range of interests, ultimately contributing positively to the societies they live in. It is our belief that every student in our school has the ability to succeed not just academically but as individuals in their own unique ways.

An enthusiastic and professional body of faculty ensures that excellence is promoted in all aspects of school life along with special emphasis on life skills and lifelong learning, in order to prepare students for life beyond school.

We are proud of the strength of the partnership between parents, staff and students which underpin the degree of progress our students attain.

Through a combination of dedication, understanding and appreciation, we encourage our students to aim high and achieve their goals.

**Dr. Bindu Hari**

Director, NPS Group Of Institutions

# LIFE IN THE SENIOR SCHOOL

The Senior Secondary school years can be viewed as the final “development period” in which students can learn, explore, and prepare for the future higher education and professional career.

At NPS-ITPL, the two years in Senior Secondary prepares the student in areas far beyond the classroom curriculum. The program facilitates students to research, collaborate, be creative and innovative, which is the perfect opportunity to understand their own strengths and interests to develop potential career goals.

Through co-curricular activities and subject related projects the most important life skills and soft skills are nurtured so that students develop analytical skills, critical thinking, teamwork, and leadership, among many others.

Our Career planning program assists the student in shaping their future. As a proper career choice determines their future success, choosing an appropriate graduation course and college is crucial. Counselling also helps students to work on their goals and achieve them without any impediments.

We ensure that every student’s important journey into the young adulthood is aimed at realising their potential with proper guidance.

## FACULTY

The greatest strength of a school is the faculty. A teacher at NPS ITPL is more than a source of wisdom and knowledge. A leader and motivator, a role model and mentor; a teacher is truly effective in leading by example.

They are compassionate and committed, inspired by the opportunity to learn and innovate.

INTERGATED**

**Group 1**

**Compulsory Subjects**

English,  
Physics,  
Chemistry,  
Mathematics,  
Biology.

**Group 2**

**Compulsory Subjects**

English,  
Physics,  
Chemistry,  
Mathematics,  
Computer Science.

**Group 3**

**Compulsory Subjects**

English,  
Physics,  
Chemistry,  
Biology,  
Computer Science.

**SCIENCE**

**Group 4**

**Compulsory Subjects**

English,  
Physics,  
Chemistry,  
Mathematics,  
Biology.

**Group 5**

**Compulsory Subjects**

English,  
Physics,  
Chemistry,  
Mathematics,  
Computer Science /  
Entrepreneurship.

**Group 6**

**Compulsory Subjects**

English,  
Physics,  
Chemistry,  
Biology,  
Computer Science /  
Entrepreneurship.

**COMMERCE**

**Group 1:**

**Compulsory Subjects**

English,  
Business Studies,  
Economics,  
Accountancy,  
Mathematics/

Entrepreneurship

## **INTEGRATED SCIENCE STREAM COLLABORATION WITH CENTUM ACADEMY**

Centum Academy, is a Bengaluru based institution, run by alumni of premiere institutes like IITs, NITs and BITs, who have been imparting training to school students aspiring to ace competitive exams like JEE and NEET. They have been associated with National Public Schools group since last five years and have been imparting the competitive examination focused training to NPS students across Indiranagar, Rajajinagar, Koramangala, HSR Layout, NAFL, Whitefield and Yeshwanthpur campuses.

Several students have pursued and are pursuing academic streams in various reputed colleges – both in India and abroad – including IITs, IISc, BITs, UCLA, UCSD, UCB, Oxford University and the likes.

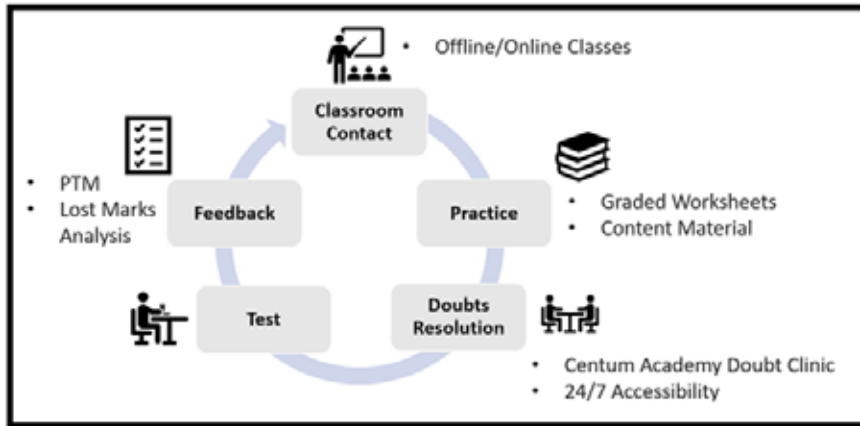

The training program specifically designed for 11th/12th students makes sure that the students do not feel unnecessary strain in balancing both schoolwork as well as their preparations for the competitive examinations.

Centum is also partnering with National Digital Library of India, Ministry of Education, GoI, to make quality digital content available to millions of students across India.

## PROGRAMS OFFERED BY US

- Engineering: Test prep for JEE Main, JEE Adv, KCET, BITSAT
- Medical: Test prep for NEET
- Pure Sciences: KVPY
- Foundation Course: Grade VIII/IX and X
- NTSE Training

### Program Methodology:

## PEOPLE BEHIND CENTUM ACADEMY

### **TUSHAR SINHA**

B.Tech & M.Tech IIT Kharagpur

Tushar is a Teacher. He is an alumnus of IIT Kharagpur where he completed his B.Tech in Mechanical Engineering. He completed his master's in manufacturing systems from IIT Kharagpur as well. Pursuing his interests in AI and Robotics, he has authored Book Chapters and Research Papers in International Journals. After having a stint with a manufacturing major, he quit his job to pursue his calling. Today, he has picked up teaching and education research as his career and leads a team which is working on simplifying learning for school students.

### **AKHIL KUMAR**

B.Tech, IIT Kharagpur

Akhil is a Teacher. He is an alumnus of IIT Kharagpur where he completed his B.Tech in Electrical Engineering. Akhil has provided litigation support in several High-Tech Fields during his corporate career in the music capital of the world- Austin, Texas. After a short but illustrious career, he quit his job to pursue his motto of Padhega India to Badhega India. Today, he has picked up teaching as his career and works wholeheartedly towards the achievement of his motto. He is an ardent lover of Mathematics and wants the subject to penetrating the minds of one and all.

### **DHEERAJ SINGH**

B. Tech & M. Tech, IIT Bombay

Dheeraj is a Teacher. He is an IIT Bombay alumnus. He also worked as Lead Analyst in Honeywell where he led Tech research groups. He enjoys bringing results and success for students which drove him to take Teaching as a career. He is passionate about Physics and likes to bring the subject closer to day to day life so that students start loving the subject in the process of learning. With his unique style of delivery of quality teaching, Dheeraj is bringing a positive impact on hundreds of students. He is leading an initiative of deploying state of the art visualization technologies for imparting problem-solving skills.

# ACTIVITIES

Education and learning are much more than just what takes place in the classroom. NPS is constantly striving to add to the variety of experiences and activities offered to the students. NPS also encourage students to take initiative and add to the list of co-scholastic activities offered in school.

## ARTS

Arts education IS a key component in improving learning throughout all academic areas. Studies show that the Arts develop neural systems that benefit creativity skills and improved emotional balance.

## Physical Education

PE is an integral part of the school program at NPS. It gives students the opportunity to build motor skills, coordination, movement, and learn important life lessons such as discipline, persistence, patience, teamwork and cooperation, and stress-management skills.

## Life Skills Education

NPS includes a Life Skills program as a part of the curriculum. Adolescence is characterized by rapid physiological and psychological changes. As a part of the program, students learn tools to manage their emotions, become more self-aware, communicate effectively and manage interpersonal relationships.

## Clubs/Student Council

Student Club or Student Body is a form of governance run by the students to contribute towards growth of the student community and the growth of the institution. NPS Student Council is a body of student leaders who represent the interests of the student community. The purpose of the committee is to over-see the objectives are carried out effectively, by supervising and coordinating a broad array of academic, co-curricular and extracurricular activities.

# FACILITIES

## SCIENCE LABS

NPS ITPL is equipped with fully functional Physics, Chemistry and Biology laboratories so that the students can conduct experiments in order to gain firsthand experience of the concepts learnt in the class room.

## COMPUTER LABS

Modern Computer Laboratories with networked computers, internet access, devices to support multimedia, printers and other peripherals, a complete range of updated and upgraded software are there for the senior students. Each student can work on a computer individually.

# COLLEGE PLACEMENTS

NPS college placement assists as an outstanding platform for the students to gain specific skills related to their subject of choice or domain to stay ahead of the competition by providing them with projects and internships that provides adequate experience.

Students graduating from NPS are guided to find admissions in prominent Institutions of higher learning both in India and abroad. Students who choose to study disciplines such as medicine, engineering, business studies, communication and arts have been admitted to various institutions and professional colleges through their academic and personal profiles.

Listed beside are a few colleges and universities that  
NPS students have graduated from

1. London School of Economics
2. University of Singapore
3. Singapore Management University
4. University of California
5. Columbia University
6. Georgia Institute of Technology
7. Purdue University
8. Cornell University
9. University of Waterloo
10. Nanyang Technological University
11. MIT-Massachusetts Institute of Technology
12. Indian Institute of Technology (IITs)
13. Indian Institute of Science (IISc)
14. National Institute of Technology (NITs)
15. Birla Institute of Technology and Science (BITS)
16. Vellore Institute of Technology (VIT)
17. Manipal Institute of Technology (MIT)
18. Mysore Medical College
19. The Jawaharlal Institute of Postgraduate Medical Education and Research (JIMPER)
20. Christian Medical College, Vellore
21. National Institute of Fashion Technology
22. National Law School, Bangalore
23. Lady Shri Ram College for Women, Delhi
24. National Academy of Legal Studies and Research (NALSAR), Hyderabad
25. St. Stephen's College, Delhi
26. Indian Law School, Pune
27. Symbiosis, Pune
28. Shri Ram College of Commerce, Delhi
29. St. Xavier's College for Media and Communications, Mumbai

# ADMISSION PROCESS

Parents seeking admission to National Public School, ITPL, for Grade XI are requested to register ONLINE.

## PROCESS FOR REGISTRATION

1. Read the guidelines and proceed to fill in the registration form
2. Upload Aadhar Card (if available), Birth Certificate and last 3 years' academic progress report.
3. Upload latest passport size photo.
4. Submit the duly filled in form.
5. The entrance exam would be conducted in the school campus.
6. Admissions to Grades XI is finalized based on the performance in the Entrance test and subject to the Grade X results.

## SUBJECTS FOR ENTRANCE TEST

- a. For Grade XI Commerce: English, Basic Maths, Basic Economics and Reasoning skills.
- b. For Grade XI Science: English, Mathematics, Physics, Chemistry and Biology.

To have an effective teaching learning process, we maintain limited class strength. Considering the limited number of seats available, it is expected that those who seek admission will realize and understand the constraints the institution faces.
